

# Cafe Prince Party Proposal – Core City

## ■ Core City Coffee Party – Proposal Outline

A Sunday Ritual for the Community, by the Community

### ♥■ 1. COMMUNITY FIRST

Built for neighbors, artists, creatives, and families in Core City

A soft, recurring Sunday event to celebrate togetherness, music, and coffee culture

DJs, vendors, and partners are local and community-rooted

No flashy promo — word-of-mouth and personal invites only

Creates a space where people feel seen, welcome, and safe

### ■ 2. THE EXPERIENCE

A gentle, curated vibe — music that blends into the space

Focus on deep, soulful, and groove-driven sets (not loud or aggressive)

Local coffee bar with seating, shaded areas, and light community gathering spaces

Optional: wellness corner, art table, community journal wall

### ■■ 3. CORE CITY AS THE STAGE

Every detail honors the aesthetic and rhythm of the land

We're not bringing chaos — we're creating ritual, beauty, and calm

Setup is designed to flow with the architecture, not compete with it

It's an invitation to slow down and connect

### ■ 4. SOUND & SETUP

Speakers:

Two small-format, high-quality speakers placed outside on the patio

Full sound system setup is inside, containing most of the energy

Outdoor volume is tightly controlled — just enough to create ambiance, not disturbance

Layout:

DJ setup blends into the design — no stage, no clutter

Shade, seating, and visual details kept minimal and tasteful

Setup and teardown handled quietly, cleanly, and with full respect to the property

Aesthetic:

Visual language: white + deep king blue accents

Everything should look like it belongs — not intrusive, not chaotic

### ■ 5. DESIGN & SETUP

Visuals: white & king blue — clean, modern, elegant

Minimalist DJ setup + soft visual cues (no banners or clutter)

Modular seating, planters, and soft accents

If you peek in, it should look like a peaceful installation

### ■ 6. WHO'S BEHIND THIS

Yeriko – Curator, DJ, and longtime Detroit community builder

Rotating local DJs – deeply rooted in the scene, known for respectful and artistic sets

Production team – handles every detail quietly and professionally

Open to featuring neighbors, local vendors, or art collectives

### ■■ 7. OPERATIONS

Setup/teardown done with zero disruption to space or surroundings

Volume capped & tested — music that breathes, not blasts

Security, waste, and power handled cleanly

Fully insured + ready to comply with any requirements or reviews

We adapt to your preferences and boundaries

### ■ 8. PROPOSED SUNDAY DATES (2024)

Every other Sunday – low-impact, recurring series

July 13

July 27

August 10

August 24

September 7
